Questions About career progression you always wanted to Ask but never had the Chance

Possible Questions for the Drs Panel:

1. What are the challenges when setting up your clinic? Finances, practice management, patient management.
2. How did you build your group practice? What were the top 3 things you did that made a great difference?
3. Why did you specialise or going to specialise?
4. Why did you remain in a group practice? What attracted you to stay?
5. Are you happy doing what you do now? If you could start over again, what would you have done differently? Education, practice and etc.
6. What is driving your motivation daily?
7. Do you think that a general dentist is confined to just "drilling and filling"?
8. Are there currently educational avenues out in private to learn new dental procedures and be proficient?
